

## Class 2

Autumn 2 2023-24

### English

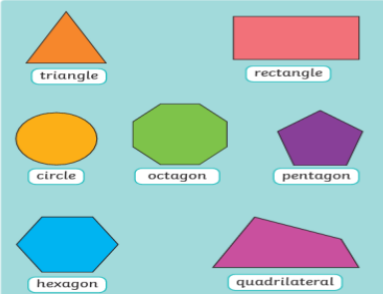

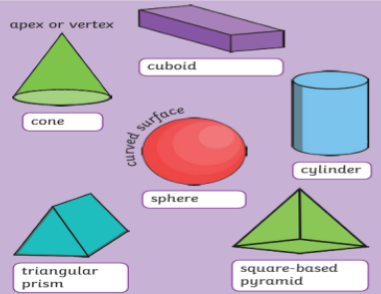

We will be reading the following books about owls for the first part of this half term. Continuing our work with story maps the children will write their own version of owl babies focussing on punctuation, exciting vocabulary and character description. We will then move onto information texts and writing fact files and short reports on what we know about owls.

As we move through Autumn into winter we will start to read texts which take us on this journey. Mrs Gale will be teaching the children about seasons in Science so the children will get chance to talk about what they are learning across the curriculum.

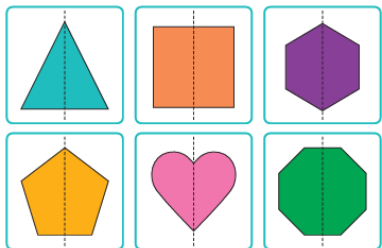

# Maths

## Learning about 2D and 3D Shapes

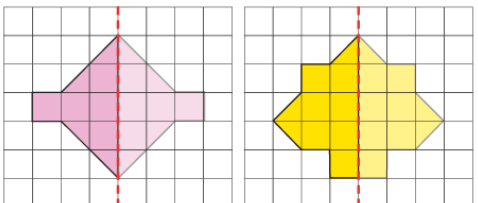

Recognise and Describe 2D Shapes	Recognise and Describe 3D Shapes
 <p>square</p>	 <p>cube</p>
	

### Lines of Symmetry

These 2D shapes have a vertical line of symmetry.

Using symmetry to complete a picture.

We will be working on adding and subtracting single digit numbers and being able to record these. Over the half term we will be learning our bonds to ten playing lots of games to help us learn these important facts off by heart. Year 2 children will be able to identify fact families.

## Geography

What are the seven continents?

### Music-Going on Safari

Imitating sounds of animals from Africa thinking about timbre.  
Clapping back rhythms of animal names.

Call and Response: learning a traditional Ghanaian call and response song called 'Che Che Kule'

We will also be learning lots of songs which you will hear in the KS1 performance of the nativity.

### ICT

Being able to change the colour of the background and labelling shapes are just some of the skills we will be learning in ICT this half term.

## World Religions

Why is light an important symbol to Christians, Jews and Hindus?

## Art

### Paper Play

This half term we will focus on sculpture and how we can strengthen paper to make stable structures. We will be making our own Christmas trees!
